Silver Bucket for April

UMCOR comes alongside those who suffer from natural or human-caused disasters – be it famine, hurricane, war, flood, fire or other events—to alleviate suffering and to be a source of help and hope for those left most vulnerable. We provide relief, response and long-term recovery grants when these events overwhelm a community's ability to recover on their own. UMCOR also provides technical support and training for partners to address emerging and ongoing issues related to disaster relief, recovery, and long-term health and development.
