Memories

*I feel a warmth around me like your presence is so near,  
And I close my eyes to visualize your face when you were here.  
I endure the times we spent together and they are locked inside my heart, For as  
long as I have those memories we will never be apart,  
Even though we cannot speak no more my voice is always there,  
Because every night before I sleep I have you in my prayer.*
